QUANTUM EXCEEDS CHEVRON'S EXPECTATIONS THROUGH INNOVATION AND COST SAVINGS

INVENTORY CHALLENGE:

Chevron was managing hundreds of c-stores and multiple, different inventory services among them. Chevron desired greater consistency and better audit results across stores, from Florida to the West Coast.

RESULTS:

Saved \$30k through proprietary inventory solution

1

Introduced advanced reporting, item level inventories and automated scheduling

2

Delivered training, pricing programs and feedback systems to reduce shrink and improve processes

3

Increased accuracy, professionalism and consistency in auditing process

4

Assisted during site acquisitions and location divestures

5

“Thank you for designing an easy-to-use computer program that solves a complex problem for Chevron. YOU ENVISIONED AND CRAFTED A SOLUTION THAT DIDN'T PREVIOUSLY EXIST. With this analysis, CHEVRON IDENTIFIED \$30,000 IN COST SAVINGS.”
